

HVAC Instructor Position

Southeastern Technical Institute is accepting applications for part-time instructors to work in its evening HVAC program. Classes are Monday through Thursday. Positions are available for 1 or 2 evenings. Salary \$40-\$45/hour. Contact Patricia Illsley at 508-230-1374 or pillsley@sersd.org.

Qualified applicants must have:

- High school diploma or equivalent;
- Five (5) years within the last seven years of full-time employment directly related to HVAC; and
- Experience or qualifications in the areas listed below.

Eligible candidates may possess one or a combination of the following:

- EPA Universal Certification
- OSHA Certified
- R410a Safety Training Certification
- MA State Refrigeration License
- MA State Sheet Metal License
- Experience installing and servicing: hydronic heat; gas heat; or light commercial refrigeration system;
- Experiencing fabricating and installing sheet metal;
- Chapter 74 HVAC teaching licensed (preferred)
- Prior teaching or training experience (preferred); or
- Such alternatives to the above qualifications as the Superintendent may find acceptable and appropriate.

This is a great opportunity to utilize your skills and training to impact the next generation of HVAC students. No prior teaching experience required.
