

SOUTHEASTERN TECHNICAL INSTITUTE

Medical Requirements for NON-Health Career Programs

STUDENT RELEASE

Southeastern Technical Institute maintains and processes all student health information and monitors compliance with state law immunization requirements. I agree to release the information provided to authorized agencies as may be required.

Student Signature: _____ Date: _____

Print Name: _____ Program: _____

HEALTHCARE PROVIDER RELEASE

By signing below, I find her/him to be free of any health impairment which is of potential risk to students, patients and other personnel and which might interfere with the safe performance of her/his clinical/externship responsibilities, with or without reasonable accommodation. The candidate must be able to administer physical care to patients in different settings (assisting, lifting and transferring); have stamina for eight hours of work; possess gross and fine motor movements for the operation of equipment.

Healthcare Provider Signature: _____ Date: _____

ACCEPTANCE TO THE PROGRAM IS CONTINGENT UPON SUBMISSION OF COMPLETE AND VERIFIABLE DOCUMENTATION DEMONSTRATING COMPLIANCE WITH THE IMMUNIZATION REQUIREMENTS.

You cannot start school without all of the information below on file.

STUDENT HEALTH REQUIRED INFORMATION

- Documentation of current physical (within the year)
- Documentation of Tetanus, Diphtheria, Pertussis (Tdap) - *must be within last ten years*

 - If non-immune, complete series and repeat titre required.
- Documentation of complete immunization records OR immune titre results for Hepatitis B
 - If non-immune, complete series and repeat titre required.

SOUTHEASTERN TECHNICAL INSTITUTE

Medical Requirements for NON-Health Career Programs

According to Massachusetts State law, as specified in 105 CMR 220.400(C) and 220.600(B), no student shall attend a post-secondary institution without a certification of immunization, as specified in 105 CMR 220.600(C). For purposes of 105 CMR 220.600, “post-secondary institution” shall mean a college, university, institute or other school of higher education.

Although Massachusetts State law allows a student to provide written documentation that he or she meets the standards for medical or religious exemption set forth in M.G.L. c. 76, ss 15C, Southeastern Technical Institute will not allow a student to enter a clinical/externship setting without a documented immunization history. Southeastern Technical Institute is committed to the protection of our students and the patients they serve while in clinical/externship settings. Students must be in compliance with these and any clinical/externship agency requirements in order to enroll and/or participate in clinical/externship practice.

Southeastern Technical Institute requires all candidates for admission to provide satisfactory evidence of compliance with the immunization requirements specified by the Massachusetts Department of Public Health. Health requirement expenses are the responsibility of the individual student. In some cases, your health insurance may not cover the required immunizations and titres.
